DETAILED ACTION

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In the claims:

In claim 1 in the moving step (line 9): amend the claim to read as follows:

moving the nozzle relative to the first collector and a second collector

Allowable Subject Matter

2. Claims 1-14 and 39-52, 58-68 are allowed.
3. The following is an examiner's statement of reasons for allowance: The prior art of record does not teach nor fairly suggest a method for producing a mixture of compositions, the method comprising: reacting a first quantity of fluid reactants to form a first quantity of product composition; collecting the first quantity of product composition using a collector; following completion of the collection of the first quantity of product composition, reacting a second quantity of fluid reactants to form a second quantity of product composition being materially different from the first quantity of product composition; and collecting the second quantity of product composition using the collector to obtain a mixture of the first quantity of product composition and the second quantity of product composition, wherein the reactions are performed in a reaction
